Prepping Your Space for a Breezy Recovery

Getting set up ahead of time? Smart move. Clear clutter from hallways to dodge trips, snag a shower chair for steady bathing, and stock easy-grab spots with meds, water, and snacks. Whip up freezer meals—think hearty soups or veggie-packed casseroles—so you're not fussing over the stove when energy's low. We help families tweak these setups during visits, making your home a healing haven tailored just right.

Hands-On Wound Care That Heads Off Trouble

Wounds from surgery? They demand TLC to heal right and sidestep nasty infections. Our [home health nurses](<https://alwaysbestcare.com/louisville/resources/senior-vaccines-louisville-ky/>) swoop in, gently cleaning, dressing, and eyeing for redness or odd ooze, just as the doc ordered.

Here's what we handle:

- Spotting early infection signs like swelling or heat
- Dealing with stitches, staples, or drains without a hitch
- Showing you and your family the ropes for between-visit care

This watchful eye catches problems in the bud, keeping recovery humming along.

Physical therapy zeros in on:

- Building back strength and steady steps
- Boosting balance to roam safely
- Mastering walkers or canes like a pro

Occupational whizzes guide you through everyday wins, from buttoning shirts to whipping up breakfast. Practicing in your own kitchen? Gold—it's real-life prep that sticks.

Everyday Nursing Boosts for Peace of Mind

Our skilled nurses go beyond wounds, tracking blood pressure, heartbeats, and fevers while ensuring meds hit the mark. Spotting breathlessness or odd tiredness? We loop in your doctor pronto, so small blips don't snowball. Families breathe easier knowing we're on the case.

Pair this with non-medical help—like meal fixes, light chores, or ride-alongs—and you've got a full-circle setup. We blend it all at Always Best Care of Louisville, KY, letting you hold onto independence without skipping a beat.
