

THE SOUTH BAY DEMENTIA EDUCATION  
CONSORTIUM PRESENTS:

# THE 2024 UPDATE ON ALZHEIMER'S DISEASE RESEARCH AND TREATMENT

*Thursday, September 19 | 3pm - 4:30pm | Zoom*

Join the South Bay Dementia Education Consortium for an enlightening talk with Dr. Sarah Kremen, a leading expert in the field of Alzheimer's disease and dementia. Dr. Kremen will share the latest advancements in treatment, including the recent FDA approval of anti-amyloid therapies—a groundbreaking development in the fight against Alzheimer's. She will also explore the most promising research on the horizon, offering a glimpse into the future of dementia care. Whether you're a healthcare professional, caregiver, or simply interested in the latest in Alzheimer's research, this event is not to be missed!

Dr. Sarah Kremen is a Behavioral Neurologist and Director of the Neurobehavior Program at the Jona Goldrich Center for Alzheimer's and Memory Disorders at Cedar-Sinai Medical Center. She completed her residency in neurology at UCLA and her fellowship training in Behavioral Neurology and Neuropsychiatry at the Greater Los Angeles VA Medical Center. She sees patients with memory, language and other cognitive disorders due to Alzheimer's and other neurodegenerative diseases.
